

GREENTM ZEBRA ADVENTURES

FACT SHEET

DESCRIPTION

Base camp for your Green Zebra Adventure is located a short drive from Los Cabos, in scenic Migrino. An air-conditioned bus will take you from your hotel to Baja's Activities, where both drivers and passengers will be provided with a brief overview of their own Green Zebra Tomcar. Information regarding the cars function and safety features is provided, along with a description of the adventure that is about to unfold.

As the tour begins, drivers are guided down a fairly mild road to get a feel for the cars. After a couple of minutes, you'll be ready to cut loose and let the cars do the heavy lifting. Drivers and riders both enjoy an off-road experience with plenty of varied terrain, including exciting climbs and daring descents -- all easily and safely maneuvered in a Tomcar. After a series of twists and turns, another sort of adventure presents itself. Think Green Zebra meets Indy. A dry lake bottom provides the perfect opportunity to test the cars on the wide open off-road. Refine your driving skills or just sit back and enjoy the ride. From there, you are once again introduced to some seriously rugged Baja terrain... But this time the payoff is your arrival onto a stunning sandy beach, crashing waves, and an ocean side lunch. And you're only halfway through... to find out what happens next, book your tour!!
